COPY OF EMAIL REQUEST SENT TONIGHT TO KPMG AUDITORS, THE LONDON STOCK EXCHANGE & THE NEW STOBART CHAIRMAN.....

"TIME FOR THE SKELETONS TO COME OUT OF THE CUPBOARD AND NO MORE BURNING OF PENSION FUND MONEY"

Tonight we have written to all 3, to request they forensically investigate financial matters at Stobart Group and formally requesting the new Stobart Chairman to remove Andrew Tinkler and William Stobart from office in the interests of all Public Shareholders. In the public interest to all our known and unknown followers, all employees of Stobart Group, all Shareholders of Stobart Group, we release copy of the email to you so they cannot sweep it under the carpet...

SENT TO NICOLA QUAYLE , KPMG, MANCHESTER

"Dear Nicola,

We request that you take note of our publication of today on Stobart Whistleblower Facebook at the following link for your ease:

When you receive this email, the 2014 year end at Stobart Group shall be complete. You are invited to ensure in your 2014 Audit, that you ensure to provide the correct market value of both Carlisle Airport and Southend Airport to the Balance Sheet so that it is transparent to all current and future Shareholders.

We hold Shares in Stobart Group. We say after considerable analysis of multiple documents that currently Stobart Group is trading with a False Balance Sheet. It needs immediate rectification to provide reality, not fantasy.

We also request that you investigate in your Audit, all costs to the Group associated with Andrew Tinkler and William Stobart and in particular the costs associated with helicopters, business jets, polo ponies and race horses, which we say are unnecessary to this business and deprive shareholders of funds.

We also require transparency in the Annual Report of any Rally expenditure (including invoices of AST Signs) paid for by Stobart Group, as there is a potential issue there that needs review.

We request you keep a copy in KPMG of all documents you attain, for potential law enforcement seizure, however we can say no more of this at the current time.

This email is in the Public Interest and is openly copied to our readers to ensure transparency, as well as to the London Stock Exchange.

It is also openly and transparently copied to the new Stobart Chairman, Mr Iain Ferguson, whom is invited to internally get to grips with this issue and all issues involving Andrew Tinkler and William Stobart, as detailed upon our Stobart Whistleblower Facebook site. He is invited to remove both individuals from office with immediate effect, for gross misconduct under their Employment Contracts.

We and other Shareholders, shall be taking a very keen interest in the Annual Report 2014 of Stobart Group. We invite you to be meticulous to ensure that KPMG provide an up to date correct Balance Sheet as at 28th February 2014, as well as conduct it's own review into what we say at the very least is wasteful expenditure of £ millions of pounds per annum on Andrew Tinkler and William Stobart "playthings"

You have an opportunity, in the Public Interest to serve the long suffering Shareholders of this business, to ensure that a brighter future is achieved post Mr Tinkler and Mr Stobart.

KPMG is invited to apply maximum scrutiny to protect itself as the skeletons start falling out of the cupboard at Stobart Group.

Kind regards,

Stobart Whistleblower

cc London Stock Exchange - Mr Chris Gibson -Smith
cc Stobart Chairman through Elaine Jacobs PA to Mr Iain Ferguson"

These three 3 professionals have been invited to "step up to the plate" and get the skeletons out of the cupboard and stop the burning of Pension Fund money.....
